

# “Chart Navi” renewed!

## ★New Functions now available★

### **Searchable about ENC!**

In addition to paper charts as before, you can search and retrieve information on ENC cells as well.

### **Searchable for your own routes!**

You can search and retrieve information on paper charts and ENC cells by setting the ports of departure and arrival. Your own routes originally set by yourself can be reedited and saved for your further search in the future.

### **Searchable with Chinese letters and characters!**

In addition to Japanese and English, you can use “Chart Navi” in Chinese as well.
