

Your opinion does matter:

## Online Survey for the better service of Electronic Navigational Chart (ENC) and related charts

Japan Coast Guard is preparing the publication of the next generation ENC that is called S-101 ENC, in align with the world Ocean Digital Transformation, and international requirement of the recent IMO decisions.

For the better service launch, an online survey will be conducted to grasp the current situation of the ENC/paper chart usage among the users. Your cooperation will be highly appreciated and the survey can be reached from the QR code. (**Approx 5mins**)

From 20 Feb to 31 Mar 2024
