CHART NUMBER JP90 "TOKYO WAN"

\* REPRINTED MARCH 2009\*

- Chart printed without magenta colors -

IMPORTANT NOTICE: April 9, 2009

JP90 supplied after March 17/09 until April 10/09 was found "faulty chart"-printed magenta color missing.

It made serious lack of important navigational information.

This version does not indicate important information in magenta color, such as limits of routes, cautionary notes, compass roses, light flares, etc.

This faulty chart must not be used for navigation.

All customers who have been supplied with the affected chart will be provided with a corrected replacement, free of charge, through their regular distributor.

JHA apologizes for these inconveniences caused by this incident.
